About ICIF China
关于化工展

中国国际化工展(ICIF China),自1992年首次举办以来,得到了能源、石油和化工行业领军企业及相关机构的大力支持。展会不仅代表了当前能源和石油化工行业发展的较高水平,更集中展示了当前企业培育和发展新质生产力的重要成果,是企业展示和推广新产品、新技术、新装备和新成就的重要平台。

“十五五”规划纲要明确提出推动石化等产业结构调整,做强做优一流石化基地;明确要求高端新材料的生物基材料、先进高分子材料、高性能纤维及复合材料、结构功能一体化材料等创新突破,推进重大石化化工成套设备研发和产业化。2026年,行业在实施创新驱动、绿色智慧转型以及强化行业自律等方面探索了经验、取得了明显的成效,实现了良好开局,经营业绩明显向好。

2027年,展会将持续聚焦石化产业的创新与转型,推进企业优化升级、提质增效。将汇聚能源与石油化工、基础化学品、化工新材料、精细化工、化工安全与环保、化学品包装与储运、化学工程与装备、AI+智能制造、化学试剂与实验室设备等领域的数万种产品与前沿技术,集中展示行业培育新质生产力的代表性成果。ICIF China致力于为石化行业搭建产品展示、技术交流与商务合作的国际化平台,助力行业高质量发展。

The China International Chemical Industry Fair (ICIF China), first launched in 1992, has enjoyed long-standing support from leading enterprises and institutions across the energy, petroleum, and chemical sectors. The Fair not only reflects the current high standard of development in the energy and petrochemical industries, but also offers a concentrated view of the key outcomes achieved by enterprises in cultivating and advancing new productive forces. It serves as a vital platform for companies to showcase and promote their latest products, technologies, equipment, and innovations.

The 15th Five-Year Plan calls for structural adjustments in petrochemicals, with a focus on building world-class bases. It also prioritizes breakthroughs in high-end new materials—bio-based materials, advanced polymers, high-performance fibers and composites, and structurally-functional integrated materials—alongside the R&D and industrialization of major petrochemical equipment. By 2026, the industry had gained valuable experience and delivered tangible results in innovation, green and smart transformation, and self-discipline, making a strong start to the Plan period with notably improved business performance.

Looking ahead to 2027, ICIF China will continue to center on innovation and transformation within the petrochemical sector, helping enterprises upgrade their operations, improve quality, and boost efficiency. The event will bring together tens of thousands of products and advanced technologies spanning energy and petrochemicals, basic chemicals, new chemical materials, fine chemicals, chemical safety and environmental protection, chemical packaging and logistics, chemical engineering and equipment, AI-enabled smart manufacturing, and chemical reagents and laboratory instruments. It will present a comprehensive showcase of representative achievements in the development of new productive forces. Ultimately, ICIF China is dedicated to providing an international platform for product display, technology exchange, and business collaboration, contributing to the high-quality growth of the petrochemical industry.

China Petroleum and Chemical Industry Week

整体规模
Exhibition Area
166,000 m²

参展企业
Exhibitors
2,700+ 家

参观人数
Visits
90,000+人

Exhibit Profile
展品范围

- 能源与石油化工 Energy and Petrochemicals
- 基础化学品 Basic Chemicals
- 化工新材料 New Chemical Materials
- 精细化工 Fine Chemicals
- 化工安全与环保 Chemical Safety and Environmental Protection
- 化学品包装与储运 Chemical Packaging, Storage & Transportation
- 化学工程与装备 Chemical Engineering and Equipment
- AI+智能制造 AI+/Smart Manufacturing
- 化学试剂与实验室设备 Reagent & Lab
- 科研成果及相关服务 Scientific Research Achievements and Related Service

Applications
下游应用

Concurrent Events
同期活动

- SpeChem 中国国际精细化工展览会 SpeChem
- RLE China Reagent & Lab Expo 中国化学试剂暨实验室设备仪器展览会 Reagent & Lab Expo
- CPLF 中国国际化学品包装及储运展览会 CPLF China
- SmartChem 中国国际化工装备及智能制造展览会 SmartChem China
- RubberTech China 中国国际橡胶技术展览会 RubberTech China
- ASE CHINA Adhesives and Sealants Expo 中国国际胶粘剂及密封剂展览会 ASE China
